

1960 LAMARIAN

LAMAR HIGH SCHOOL

A forward look . . .

FOREWORD

In laying a basis for the pursuit of learning, the new Laura Lamar Joint Junior-Senior High School functions by providing many kinds of inducements to, and resources for, learning. Emphasis has been placed on the importance of keeping the educational system focused on the needs and ideals of the many pupils who sit in the classrooms of this modern school. With this edition of the LAMARIAN we present the "new look."

MR. JUSTIN S. BYERS, Supervising Principal
(Retiring July 1, 1960)

A TRIBUTE TO

Mr. J. S. Byers, Supervising Principal of the Laura Lamar Joint Schools, was born in Independence, Washington County, Pa. When he was seven his family moved to Homer City and this has been his home ever since except for one year when he taught school in Green Township, Indiana County. He attended grade school in Homer City, and the two year high school. He is a Graduate of Grove City College, and received his master's degree from the University of Pittsburgh.

He was elected principal of the Homer City Schools in 1917 and held that position up until the jointure was made between Center Township and Homer City Borough in 1953. At that time he was made supervising principal of the district. During these years he has watched the enrollment in high school grow from thirty-five students to nine hundred and thirty. He goes about his work so quietly and efficiently that few people realize how much he does accomplish and the influence he has had upon the many students whom he has guided not only through school, but through many of their problems in later life. His help and consideration are given just as freely to the teachers who serve under him. We wish him many happy years of retirement with plenty of time for hunting and fishing for no one deserves it more.

A busy group at Lamar is the 1961 class of Juniors. Several activities have taken place the past year under the direction of their sponsor, Miss Arlene Bianco. A few of these are a successful record hop, a farewell party for the Seniors on June 9; and a Junior class assembly held in May. The members of the class are preparing for their big Senior year and are looking forward to graduation. It is Miss Bianco's wish to see her class prosper and develop to its fullest.

STUDENT COUNCIL

A new organization, The Student Council, began to function at the newly built Laura Lamar Joint High School at the beginning of the school term. The membership of this organization consists of one representative from each homeroom and two faculty advisers, Miss Binkey and Miss Moot.

The Student Council is scheduled to meet every second and fourth Monday of the month during the activity period. Some of the main topics of discussion this year were: (1) An activity fee ticket; (2) a bulletin board for the Junior High Wing; and (3) Unsanitary disposal of gum in the drinking fountains, etc.

NURSES' CLUB

JUNIOR RED CROSS

The Junior Red Cross, sponsored by Miss Crownover, believes in service for others, for our country, our community, and our schools; and in health of mind and body to fit us for greater service and for better human relations around the world. Among the many activities the Club has had this year were, a Halloween party for the children at the Willard Home; securing contributors for the Bloodmobile; a skating party at the Indiana Roller Rink; a dance following a Basketball game; and a spaghetti dinner at Bruno's.

This year, under the sponsorship of Mrs. Mary Stevens, the girls of this club have done many worthwhile things to distinguish them as future nurses. Each girl has been given the opportunity to aid Mrs. Stevens either in giving immunization shots, eye examinations, or physical examinations. The girls were also taught the fundamentals of bed making—hospital style.

Their chief money making project this year was the selling of Christmas candy. This project turned out to be very successful.

As a reward for their hard work, the 16 girls of the club traveled to Presbyterian Hospital in Pittsburgh for a tour of the hospital and a great dinner afterwards.

The girls graduating this year and hoping to become nurses are: Vonnie Sacco, Jane Nehrig, Charlotte Mushrush, and Celie Olson.

YEARBOOK

Since the "Humanian" is a chronicle of the year's events in our high school, we have tried to cover many phases of our school life. We hope that when these pages are read, their contents will help recall many happy school memories.

Miss Binkey, Miss Moot, and the staff have given many hours of their time as well as their loyal support and hearty cooperation to make this yearbook a success. Besides the staff, there are many others to whom acknowledgment is extended for their helpful suggestions and cooperation throughout the year.

The Newspaper Club is a newly formed organization in Laura Lamar. Its objectives are to promote school spirit by informing students and faculty about club activities, and other things of interest; describing certain important events in detail; and giving a general idea of what is happening around our school.

There are four divisions in the paper: the front page which includes the headlines and most important news; a literary section, containing, among other things, a quiz each month; a sports section giving details of games and intramurals; and a news section, giving a brief summary of events—past, present and future.

Having been newly organized this year, the Spanish Club has been under the sponsorship of Miss Swigart, a new faculty member at Lamar. The club had a membership of approximately 40 students. Their meetings were held monthly.

The highlight of the year for this organization was a magnificent fiesta held on May 18, 1960 in the gym. A Spanish Combo, singers, and a bull fight were some of the main attractions of the evening. After the guests of the fiesta were served and entertained, the climax to this grand fiesta was the breaking of a Spanish pinata.

FUTURE FARMERS OF AMERICA

The Future Farmers of America Club is a national organization of those boys interested in agriculture. Its purpose includes creating interest in farming, studying the land, soil, and our natural resources; encouraging thrift, learning, and scholarships; developing of student character and patriotism; and the training of boys to be useful citizens in local and national government.

The activities of the members of the F. F. A. this year included: a Judging Contest; a Public Speaking Contest; the building of wildlife shelters and feeding stations; touring some industrial plants in Pittsburgh; and attending the State Convention at Penn State.

MUSIC

The band and chorus of Lamar are organized for those students interested and talented in music. They furnish the opportunity for members to express their musical abilities before appreciative audiences. The director of the Senior band and Chorus is Mr. Anthony Cotroneo. Mr. Paul Thompson is conductor of the Junior band.

MAJORETTES

In front of the band, whether marching in a parade or on the football field, the majorettes set the pace by their high stepping and rhythmic twirling. During football games, the half-time entertainment is greatly enhanced by their original routines coordinated with the band. BOYS' VARSITY L

Organized in 1938 by Mr. Leroy Smith and recently taken over by Mr. Buff Fanella, the Varsity L has created good sportsmanship among many of the boys at Lamar. In order to become a member of the Varsity L, a person must have a varsity letter.

To be eligible for a jacket, a boy must either earn two letters in the same sport or have participated in the same sport for three years and have earned a letter by his senior year. Being in good standing, attending practice regularly, and having a desire to play are the things necessary to receive a letter. This year Mr. Fanella hopes to raise enough money for a movie camera and projector.

FOOTBALL

Under the coaching of Mr. Fanella the Wildcats turned in a season of six wins and three losses. As well as having a winning season, the Wildcats had four players on the All County first team. They were the following: Center, Dave Hanley; Backs, Steve Mizerak and Andy Kish; and End, Ross Stabile. Stabile was also voted lineman of the year and Mizerak made the second team, All District. Jim Clark was a tackler on the second All County team.

According to Coach Fanella, this was a team with fight and spirit. Most of the players attribute the success of the team to hard work and good coaching by Mr. Fanella and assistant coaching by Mr. Jack Kotula. The co-captains of the team were Steve Mizerak and Andy Kish.

Although the team had no special motto, most of the players had the saying, "Don't save yourself for the next play."

With only two lettermen, Steve Mizerak and Andy Kish, plus an array of ball-hungry boys, Mr. Jamison led the team to the county championship playoff; but they were defeated by Purchase Line.

During the season, our boys showed us many exciting nights. Do you remember when Evan Hitchings hit a torrid 100% from the field and foul line; the time "Big Steve" went berserk, hitting for 37 and 32 points; the last second wins over Blairsville and Marion Center; and the wild, wild game with the undefeated Faculty leading our boys to a defeat?

Although the team didn't win any medals or trophies, we know they did their best to win. For this never ending fight we would like to congratulate them on a job well done.

GIRLS' BASKETBALL

Miss Crownover, the coach of the girls' team, will lose eight senior players this year. Some of these senior girls have been with the team six years. These girls were recognized at the annual banquet held for the team. Through this sport, the teacher hopes to mold into each girl's character the idea of sportsmanship, win or lose.

TRACK

Steve Mizerak

Under the splendid coaching of Mr. Jack Kotala, the Ligonier track team capped a favorable winning season. Losing only one meet (with Indiana and Marion Center), the Wildcats averaged more points per meet than any other team in the county (66 points).

With fast dash men like Prebish (100 yd.), Watson (220), and distant men like Guy (mile), Barr (mile), the team took a close second in the County Track Meet. Only our weakness in field events prevented us from taking first place.

The 880 relay team was our only first place. (Watson, Zerbini, Weamer, Prebish).

Top three scorers of the team were Guy ($51\frac{1}{4}$), Watson ($34\frac{1}{2}$), and Prebish (33).

BASEBALL

The Wildcats ended their season with a record of four wins and three losses. Although the team lost three games, two of the games were lost by just one run.

Tom Barr and John Golba, two of the starting pitchers, ended the season with winning records. Bill Wensell was used mainly in relief.

Bob Kotula was the only Wildcat to hit any home runs. He ended up with two for the season.

Richard Sisak (.333), Tom Barr (.01) and Roger Michna (.292) led the team in batting averages with more than twenty times at bat.

Coach Burtick is expecting another winning season with only four seniors departing from the team. They are Steve Mizerak, George Shearer, Patsy Rescente, and Andy Kish.

CHEERLEADERS

Beginning early in the summer, the varsity cheerleaders began practice for the football season. Their first pep meeting in the new gymnasium proved to be a huge success due to the largeness of it. Shortly after Christmas tryouts for the junior varsity cheerleaders were held. Six girls were chosen because of their ability to lead cheers, their scholastic ability, neatness in appearance, and personality. At the end of the football season, the senior cheerleaders were honored by being presented with white chrysanthemums tied with black and white ribbons.

BEHIND THE SCENES

Cardboard boxes have been a most important part of the life of this class for they appeared in the first scene in our play and we used them to decorate for the prom. In fact, that is the way we started our fortune. Long before the nicely wrapped bars of candy appeared for sale in the machine, a truck loaded with cardboard boxes filled with candy stopped in front of the school. Soon a long line of freshmen boys laden with boxes would climb the stairs to room 8 where the candy was stowed away under lock and key. Each evening after school, our sponsor again followed by a line of boys with boxes would go down to fill the machines. This is how our class treasury got its start.

Our second venture was also a selling campaign. This time it was not for ourselves, but for others. In our junior year, the girls in our class sold Easter lilies for the crippled children. Ours was the first class of Laura Lamar to do this. The juniors this year have continued the practice. The day we were assigned to sell them was a cold, rainy Saturday. Groups of girls were stationed at several busy business establishments around town. Two girls, Joanne Saffron and Camilla Monaco, were stationed outside Park and Shop. Being unprepared for the unseasonable cold weather, they soon found that their hands and toes were stinging. Much to their relief, a kind shopper stopped and offered her gloves for their protection. It didn't seem to matter to them at the time that there was but one pair, for each girl wore just one glove and put the other hand in her pocket. In this way our agents selling Easter lilies continued their work in comfort.

Our next venture was the party we held for the seniors. Many of you probably thought the punch we served was very good. From the auditorium, our way of serving it, we hope, was graceful and pretty. Across the hall in Miss Tinker's room it was a different story. A few of our boys and girls found they really could wield a wicked spoon. On her desk was a huge kettle into which Dennis Smith, Randy Guy, and Jane Nehrig poured bottles of ginger ale, while Diana Sexton and John Drurgical cut quarts of lemon sherbet into pieces to be dropped into the punch. Each took a turn at stirring which helped to make it a sticky business. As all this went on, Andy Kish and Steve Mizerak rushed across the street to Lefly's to bring another case of ginger ale, and girls in fluffy dresses hurried in and out with pitchers to fill the punch bowl in the auditorium. On the students' desks were boxes of cookies and sandwiches from which Carol Harmon and Frances Golinsky filled trays to be served to the guests. The turmoil in this room did not permeate the room across the hall, for the seniors said we had a good party.

Many of you have seen our senior class play, "Omens in the Stew." I wonder if you realize the preparation that took place behind the scenes. A typical night of practice would find the stage hands scurrying about with props and tools to make the necessary setting for the play. They were a noisy, chatty crew and one might wonder, after hearing this noise, just how much was being accomplished. At times they even consumed some of the props. For example: Jack Oswalt, Eugene Sobota and Dave Morrison ate all the apples anyone would bring. We wondered if there were going to be any apples left for the scene in the play. This crunching and munching of the apples would hardly be the proper sound effect needed, but to our back stage hands it was pure enjoyment. Many of you might wonder how the sounds were produced. A hammer and a piece of board provided the knock at the door. This same hammer and the metal base for the curtain made the banging water tank. It took the whole crew to produce the buzzing of the bees. If you want to know how Judy Smith learned to whistle so shrilly, just ask Richard Staffen. It's a wonder George Shearer didn't catch a cold by playing his part. When he was to be drenched with sea spray, he was simply taken outside and a bucket of water thrown on him. Do you remember the leaking water pipe that caused such a problem in the play? To produce this, the stage hands used a rubber hose and a sprinkling can. You can see that the audience didn't see everything that happened in the play.

We had still another venture. It was one event the members of our class will never forget, prom night. Remember how pretty the girls looked in their bouffant gowns and how handsome the boys looked in their tuxedos? This was a great change from the preceding nights while we were decorating. Were these the same people in bermuda shorts and sloppy sweat shirts? What were they doing with all those cardboard boxes? Here again cardboard played its part. For those boxes became the palm trees, the ocean, and the beach for our prom decorations. Patsy Resente directed a group of boys with hammers and nails, and the girls with bundles of straw who put together the Hawaiian hut which was the center of our decorating theme. How many nights we painted, rolled cardboard for the trunks of trees, and strung wires to hold the leaves in place! Luckily for us there was always another party in the building and we were invited down to share their lunches. Along about ten o'clock with dirty faces and blistered hands we went home wondering if it was possible ever to get it finished.

From all of this you can see that we have had some busy and pleasant experiences over and above our regular classroom routine. It is these experiences we have recalled for our class night program.
